

## DESPRE MINE

My name is Alexandru and I am currently studying "Automatics and Applied Informatics" third year at the Aurel Vlaicu University in Arad.

I am a graduate of the Arad National Informatics High School, where I studied mathematics – informatics, Intensive programming. After which I obtained a certificate in informatics.

I have knowledge of programming language such as JavaScript, HTML5, CSS3, React.js.

I like working in a team and I am easily adaptable in various situation. I am an optimistic person, I like to work efficiently and complete any challenge. I am a fast learner and I am resistant to stress.
